

Power Mini

DC- 30kW / DC- 40kW

-  Anti-Pressure Inflamming
-  Over Current Protection
-  Over Voltage Protection
-  Under Voltage Protection
-  CP Protection
-  Water-proof Protection
-  Over Temperature Protection

● Product Parameter

Model	DC-30KW	DC-40KW
Charging gun	Single shot	Single shot
Display method	LED indicator/display	LED indicator/display
Dimensions (HxWxD) (mm)	410*200*620	410*200*620
Charging method	RFID card swiping, mobile scanning code, password charging, VIN code	
Charging mode	Fixed time mode, constant power mode, fixed amount mode, automatic charging, constant power mode, reservation mode	
Output Voltage Range (VDC)	DC50-1000V	DC50-1000V
Single gun rated output current (ADC)	30A	30A
Single gun maximum output current (ADC)	120A	120A
Soft start time (S)	3~8	3~8
Output constant current range	0%~100%	0%~100%
Steady flow accuracy	0%~100%	0%~100%
Ripple factor	≤±1%	≤±1%
Voltage regulation accuracy	<1% (peak-to-peak)	<1% (peak-to-peak)

● Plug Optional

Customize according to your needs
